Dear Spring-Ford High School Parent/Guardian:

This is a very exciting time for your son/daughter. It serves both as an end to their middle school years and the beginning of high school. The middle school staff in seventh and eighth grade worked diligently to prepare your son or daughter for high school. I am sure students have learned many valuable lessons and are well-equipped to continue their education.

Your son/daughter is about to enter a very exciting time in his/her life. Spring-Ford High School has a long tradition of providing an excellent education to the students of our community. As the legacy of Spring-Ford High School continues, I am extremely proud to be an active member of the high school community and contribute to your son's or daughter's experience. It is important that our freshmen prepare for the future through active engagement in the learning process and active participation in the developmental practices our school programs offer.

In order to assist with this transition, scheduled student tours during the school day have been planned for June 14, 2017. Your son or daughter will have the opportunity to tour the 9th Grade Center and familiarize themselves with the arrangement of the building. The 8th grade administration and teachers will assist in this process by walking your son/daughter to our facility. An assembly is planned in our auditorium where your son/daughter will hear directly from our freshmen as they speak about their personal experiences related to academic life as well as social opportunities afforded to them. We also have arranged for several seniors to be present and they too will share their experiences of high school as they embark on their future. Current freshmen will act as tour guides throughout the facility.

We hope that by providing this tour for your son or daughter and listening first hand to students that have lived the experience of high school, we will ease any anxiety or apprehension students experience in their transition.

Sincerely,

A handwritten signature in cursive script that reads "Theresa M. Weidenbaugh".
